Dear Sir:-

This is to advise that the field notes made for you covering 1405 acres in Harris County have been examined but are not approved for the reason there is no vacancy for this survey, it being entirely on patented surveys in the name of James Hamilton, a strip 697 varas wide east and west by 11380 varas north and south off of the west side of said Hamilton surveys. Your file, therefore, stands rejected.

Yours truly,
